April 20 to April 23, 2012

Plan your Stay in Chicago

Chicago has so much to offer, you will not know where to start. To plan your stay, here are some links that may be helpful.

Chicago is the third most populous city in the USA and the 27th most populous urban agglomeration in the world. At this size, Chicago is still considered to be among the friendliest, most beautiful and walkable cities in America. During your stay, we encourage you to visit the Navy Pier, Millennium Park, and the mammoth stainless-steel Cloud Gate sculpture.

The [Choose Chicago](#) website contains a wealth of information on what there is to see and do in Chicago.

The POMS [Chicago Marriott Downtown Magnificent Mile](#) Conference Hotel website has very useful information to plan your visit.

Chicago offers one of the most diverse culinary experiences in the U.S., including one of the largest selections in the U.S. for vegetarian cuisine. The city is particularly known for its deep-dish pizza. The Choose Chicago website offers information about some [local restaurants and attractions](#), as well as hints to save money while in the city.

If you are interested in visiting several of Chicago's attractions during your stay, we suggest you purchase the [Chicago City Card](#) which offers discounts on most attractions.
